Qualidade e Satisfação Udinese

A Udinese é líder do mercado nacional de componentes para esquadrias, oferecendo soluções inteligentes e inovadoras aos seus clientes.

Para a Udinese, ser referência do setor de esquadrias é resultado do investimento contínuo em pesquisa e desenvolvimento de novos produtos, na ampliação e atualização tecnológica de seu parque industrial, na capacitação de seus profissionais e, principalmente, no relacionamento duradouro com seus clientes.

Reconhecida por ditar tendências em um mercado altamente competitivo, a Udinese possui um portfólio amplo e diversificado em componentes para esquadrias de alumínio, madeira e PVC. Seus produtos se destacam pelo design inovador, pela praticidade e funcionalidade.

O alto padrão de qualidade em tudo o que a Udinese produz se deve ao respeito absoluto ao consumidor final, filosofia adotada por seu fundador, Luigi Papaiz, desde 1966. Atualmente, é a única empresa do segmento a conquistar a certificação ISO 9001. Seu reconhecimento internacional está representado pelo expressivo crescimento da participação de exportações nos negócios da empresa.

ASSA ABLOY

O Grupo ASSA ABLOY foi constituído em 1994 e hoje compreende mais de 400 empresas subsidiárias em 70 países.

No Brasil, desde 2005, a ASSA ABLOY Brasil adquiriu marcas nacionais de grande qualidade e prestígio entre os brasileiros como La Fonte, Papaiz, Silvana, Udinese, Metalika e Vault. Além das marcas locais, o Grupo possui uma infinidade de soluções de marcas internacionais como Yale, Securitron, Norton, Medeco, Hes, entre outras.

Tanto no Brasil como no resto do mundo, a força do grupo é a variedade de produtos tradicionais e principalmente os que agregam novas tecnologias e que podem ser combinados para criar soluções completas de segurança e de abertura de portas.
